To keep you informed on news about the 2004 Library Replacement Bond actions, King County Library System invites all interested community members to a public meeting on the progress and current activities for the Snoqualmie Library.

KCLS will present two options for the future location of the new Snoqualmie Library. Funding for the library was approved as part of the 2004 bond issue. The property acquisition is slated for 2005, building design for 2006 and construction for 2007. Bill Ptacek, Kay Johnson, Denise Siers and Frank Schepis will represent the King County Library System. The Snoqualmie Library Advisory Board also plans to attend to listen to input.
